How to Supply Artwork for Notebooks

Notebooks come in two sizes, A4 and A5, and with two options; single sided (covers only) or double sided (covers and inside covers).

You will have the option to choose between blank or lined pages and all internal notebook pages will be added for you based on your selection. Please note: we are unable to change the design of the inside pages.

For a single sided notebook, we require 2 single pages (not a spread) for the front and back covers of the notebook only.

For double sided, we require 4 single pages (not a spread) For the front cover, inside front cover, inside back cover and back cover. If you are supplying a multipage PDF, please supply this in reading order.

Your artwork needs to be set up to include:

- 300dpi images
- Full CMYK colour (with no RGB images)
- A 2 or 4 page PDF (single or double sided) document with individual pages, not spreads.
- A file size smaller than 200MB
- A 3mm bleed
- A 9mm safety zone within the bleed tri, line (to allow for the wire spine)
- Saved as PDF X1a

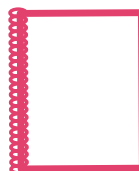

You can send your file to us via email, WeTransfer or Dropbox, and our Studio team will create a proof for your approval.

Your proof will be shown in single pages with a guide to show the wire spine on the left of the artwork. The internal page will be shown as a guide only. It will appear as a single blank or lined page with information regarding the number of pages, e.g. x100.
